## OVERVIEW:

For more than a century, Fox shotguns have proven themselves as superb firearms and true works of art. The Fox A Grade series presented by Savage® builds upon that heritage of craftsmanship with shotguns that handle gracefully, point naturally and hit hard—with the same components and style that have made all Fox shotguns the envy of collectors. Each of the four box-lock side-by-sides in the series features a beautifully checkered American black walnut stock, splinter fore-end and a bone and charcoal case color-finished receiver.
