

555 E

555 E

FEATURES:

- Auto ejector
- Imperial walnut stock
- Laser-engraved filigree ornament
- Includes Full, Improved Modified, Modified, Improved Cylinder, and Cylinder chokes tubes
- Lightweight aluminum receiver
- Single selective mechanical triggers
- Chrome-lined barrels
- Tang-mounted safety

OVERVIEW:

We've dovetailed performance and value in the Stevens 555 E. Its light aluminum receiver is scaled to gauge and incorporates a steel insert that reinforces the breech, minimizing weight and maximizing strength. The fast-handling over-and-under boats upgrades including an Imperial walnut stock and fore-end, auto shell ejector and laser-engraved filigree ornament receiver. Standard features include a manual safety and a single, selective mechanical trigger—all at a price that's unmatched among comparable shotguns.
