OVERVIEW:

Complete and ready to compete. The Savage® MSR 10 Precision delivers match-winning accuracy with its stainless steel heavy barrel and 5R button rifling. We also made it competition-worthy right out of the box with upgrades like an 18-inch Arca handguard, Magpul PRS® stock and TangoDown™ Battlegrip Flip Grip, which quickly rotates from 24 degrees of rake to vertical. Its semi-automatic action is fed by a +2 gas system that can be adjusted for optimal cycling of your specific ammunition.
