OVERVIEW:

The Recon has been reborn. The Savage® MSR 15 Overwatch Recon 2.0 adds upgrades to the platform that redefined what shooters expect from modern sporting rifles. Its fore-end, upper and custom-forged lower are finished in Mossy Oak® Overwatch camouflage, the official pattern of the National Rifle Association. The gas block, Savage gas block nut and straight gas tube provide reliable cycling, and the 5.56 chamber allows usage of both 223 Rem. and 5.56x45mm ammunition. All the extras come together for a rifle that's fast, accurate and ready for any challenge.
