- 1 Piece Picatinny rail
- User adjustable AccuTrigger
- 10 round detachable magazine
- Oversized charging handle

OVERVIEW:

The .22 LR doesn't usually get this kind of treatment. But Savage has always regarded the humble rimfire as a worthy challenge. And now the A22 Precision stands as the showcase to Savage's love affair with the .22 LR. With its heavy threaded barrel riding proudly above the [Modular Driven Technologies \(MDT\)](#) chassis, this is one rimfire that is built to perform.
