WALMART

The complete package is finally here. The 110 Hunter XP pairs a Model 110 rifle with a BUSHNELL 4-12X40 scope that comes mounted, bore-sighted and ready to hunt. The platform provides accuracy and adjustability like no other package rifle thanks to the Savage AccuTrigger, thread-in headspacing, floating bolt head and precision button-rifled barrel. Plus, its length-of-pull can be easily adjusted to fit any hunter for better comfort and consistency.
