- Threaded muzzle; magnum calibers feature muzzle brake with taperlock interface
- Detachable box magazine
- Coyote brown coated bolt handle, receiver, barrel, trigger guard and magwell
- Drilled and tapped receiver
- Three-position safety

OVERVIEW:

The biggest bulls. The longest shots. With the new Savage® 110 High Country, they're all within your reach. The rifle is built to maximize accuracy with a spiral-fluted barrel and bolt, as well as the Model 110 action secured three-dimensionally along its entire length within the AccuStock™ internal chassis. The AccuFit™ system lets hunters customize length-of-pull and comb height of the TrueTimber® Strata synthetic stock. Plus, the user-adjustable AccuTrigger™ offers a crisp, clean pull critical for making precise shots at extreme distances. The Cerakote finish on the barrel and receiver protects against corrosion and heat to withstand the toughest terrain and weather conditions.
